SISTEMA MODULAR DE PLATAFORMAS DE EXTERIOR

PICNIC
en la ciudad.

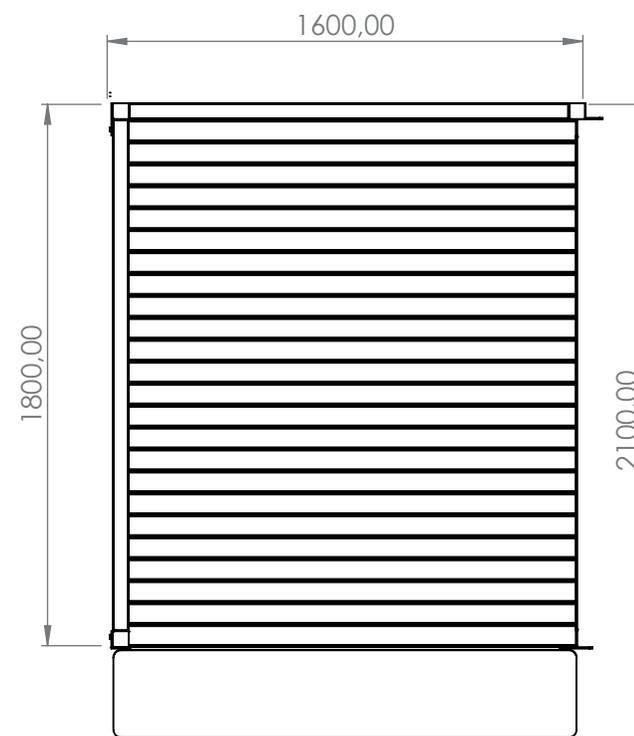

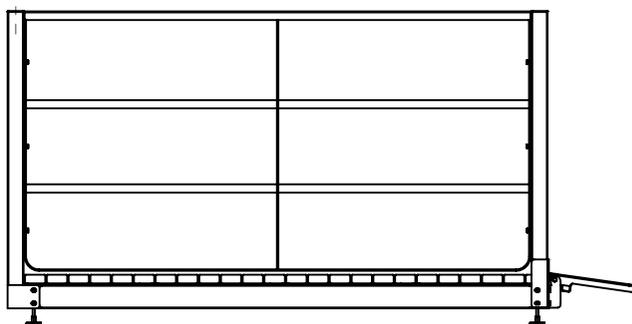

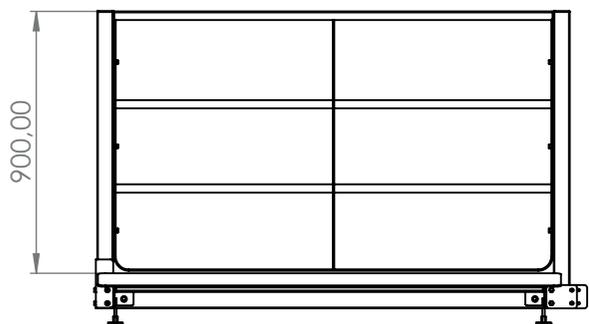

Consideramos a esta superficie un
espacio público ganado.
www.melcspaña.com.es

Componentes del sistema

Dimensiones generales

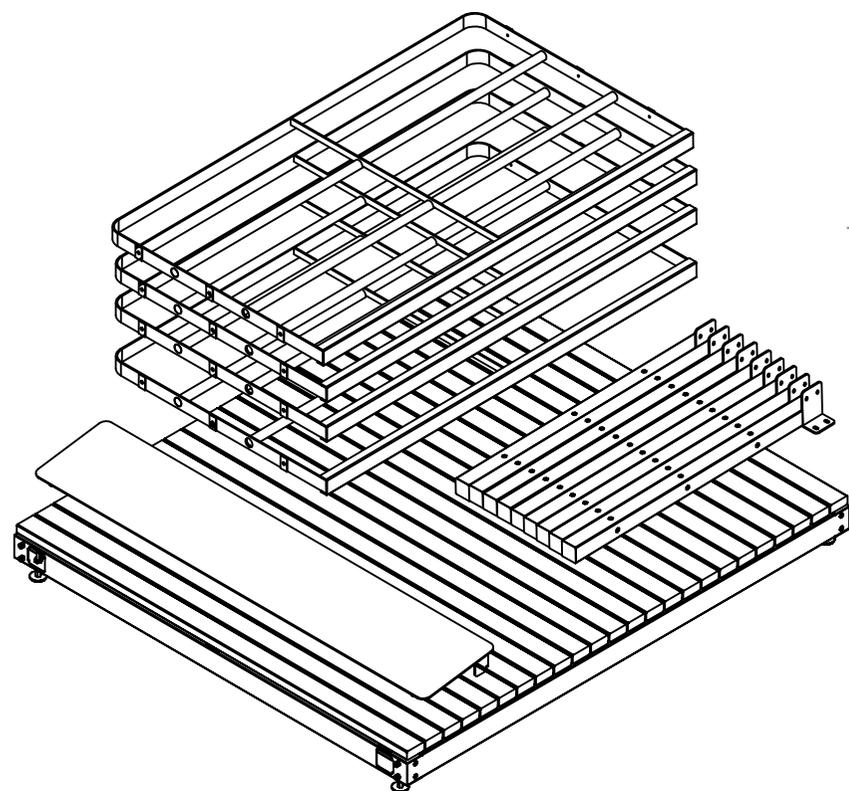

DIMENSIONES GENERALES

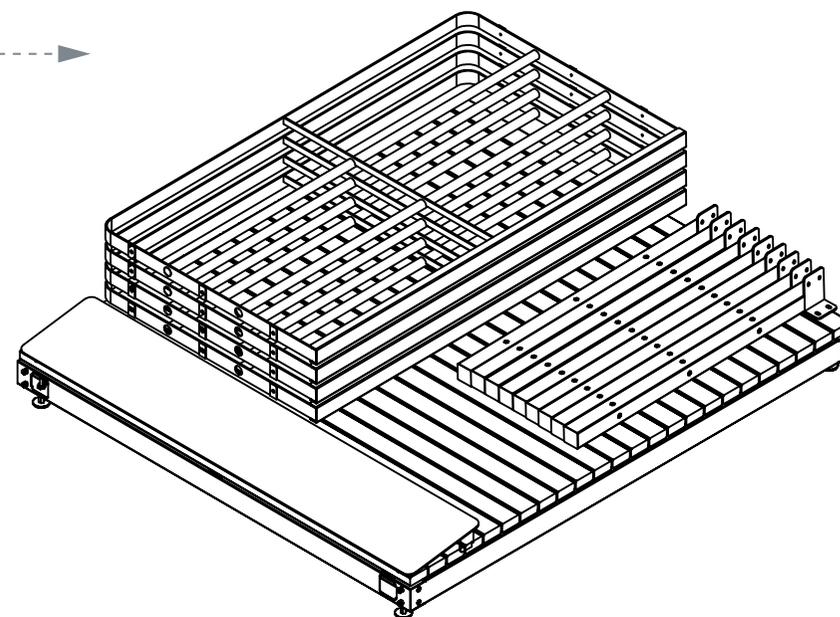

Embalado y transporte

El sistema modular se entrega completamente desarmado. Sobre el deck principal se apila el resto de las partes del sistema. Cada paquete se entregará de ese modo. Individualmente cada componente será envuelto con stretch y pluribol para máxima protección.

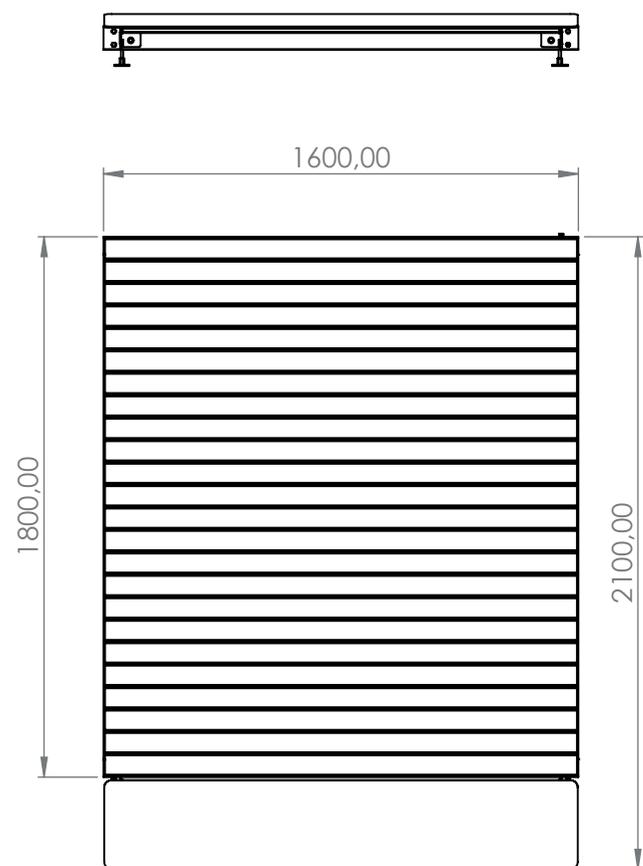

Entregado de ese modo se reduce muchísimo el paquete a entregar

Deck con componentes listo para entregar

Módulo deck

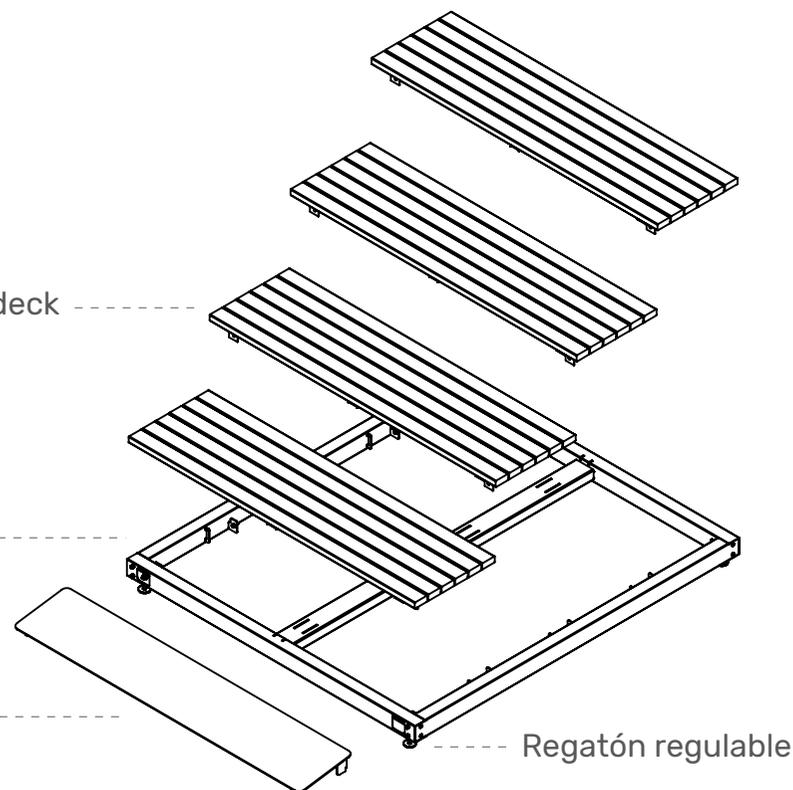

Modulos de piso. 5u x deck

Cuadrante deck

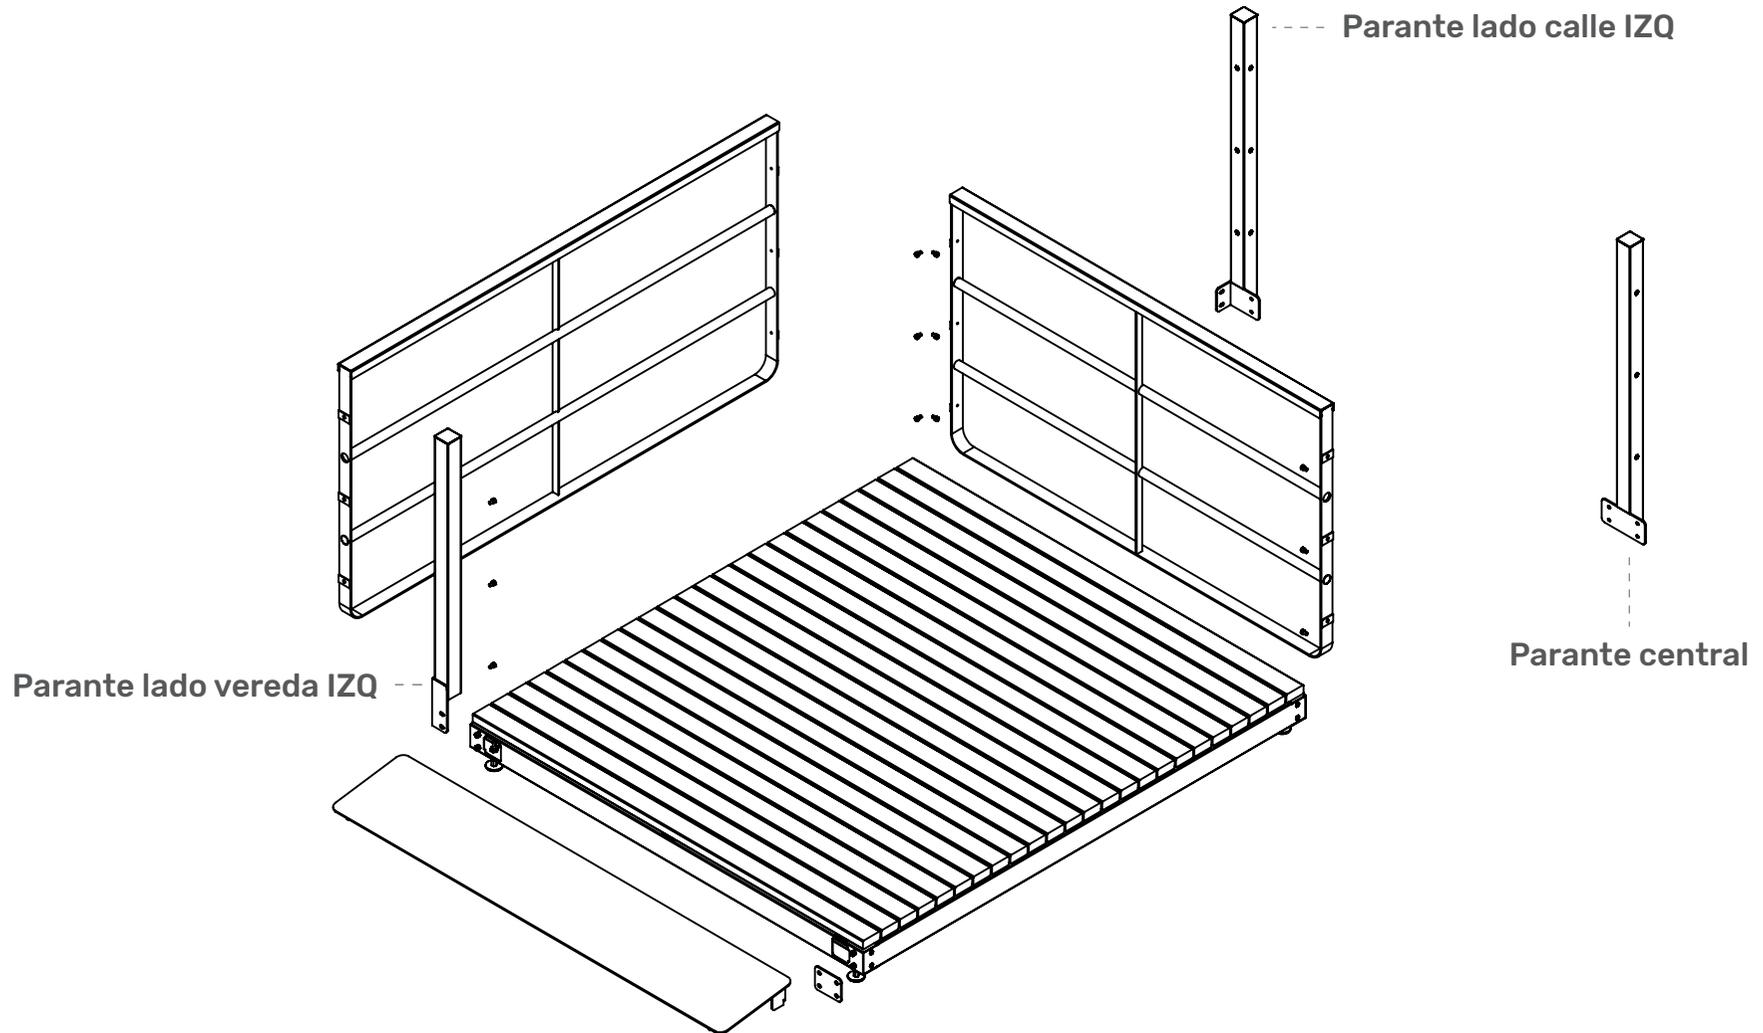

Tapa cordón

Regatón regulable

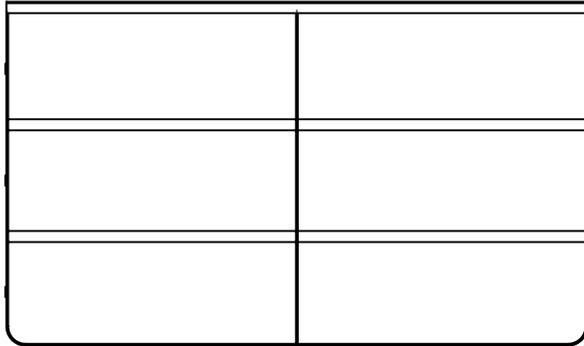

Parantes

Parantes para vinculación entre rejas y decks

Rejas

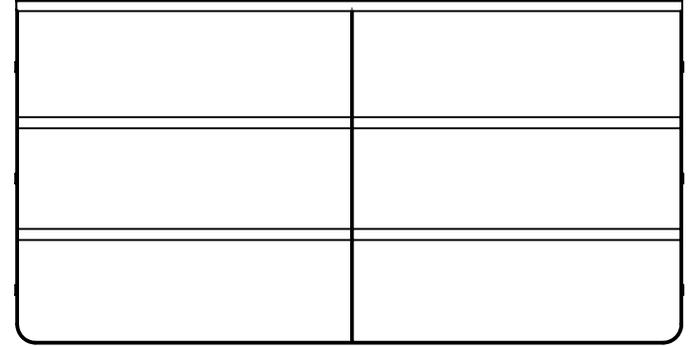

Reja abierta
